Mosaics in Stained Glass

With Anna Conti

Mosaic stained glass is wonderfully creative. You will be able to complete a project even if you can't or don't want to cut glass. Choosing from a wide selection of beautiful glass, you will learn how to cut or select glass before gluing it to a glass or opaque base, finishing off with grouting and polishing up. You will start with mirrors, then coasters and 3D items. If you would like to personalise your mirror, please bring along jewellery, coins, crockery ... anything solid that can be grouted in. Bring your own object to mosaic, no guarantees, but we can certainly try!

Anna has been taking on commissions for homes and public buildings for over 30 years. She runs regular classes and lectures on stained glass. Her first commission was for Sir Richard Branson, chairman of the Virgin Group and appeared on 'This Morning' Television as Richard and Judy's 'stained glass expert'. Her work can be found in Europe and America.
